

## 5D Cinema-theater

**Easy setup!! Easy to operate!! Fully motion based theater!!**  
The thrill ride to suite the whole family!!!

**4 person**

**6 person**

- **Highly dynamic 6 D.O.F motion base**  
Unlike other ride theaters using 3 D.O.F or 5 D.O.F motion base, X-ride utilizes a 6 D.O.F motion base system, which produces a dynamic experience for the user and guarantees the ride excitement.
- **4D effects**  
Wind Effect enhances the sense of speed for the passengers. Besides the wind effect, other 4D special equipments like bubble, snow flake, and smoke are installed to help responding to the film contents. These 4D effects are added to improve the quality of ride experience.
- **Proven High Income & Fast Return On Investment**  
Operations are extremely pleased with high income from the ride. Once customers experience the ride, they regularly return to ride again. X-ride is averaging about 150 rides per day and it calculates to about 4 or 5 months for return on investment.
- **Extensive Film Library**  
X-ride has various films and (time to second additional films) can be added at the very affordable price. Simulator is also closely working with film producers to release films suitable for best X-ride motion system on a regular basis.
- **Small Footprint**  
The 4 person X-ride is unique in that it has a very small footprint which allows it to be installed in virtually any location.

- **Minimum Footprint**  
- 4 person: 1.2m x 1.2m x 2.2m (L x W x H) (1200mm x 1200mm x 2200mm)
